HAAG-STREIT RELIANCE

6200
Manual Pneumatic Recline with Power Hydraulic Base Examination Chair

Ergonomic Features

Reliance chairs are engineered for efficiency and your comfort.

Small footprint allows for increased patient access.

Powered hydraulic base with counterbalanced manual recline.

Dual side controls eliminate the need to reach over a patient to chair swtiches.

Rotation locks allow you to swivel chair 340 degrees from both sides.

Armrests lock in place and release for easy patient access and security.

Headrest adjusts with a single hand and locks into place. Pillow and alternate headrests also available.

Large hinged footrest supports patient's full weight for safe ingress and egress.

Corded footswitch permits hands-free operation of chair base function.

Recline from either side of chair.

Long-Lasting Membrane Features

Backlit membrane switches, which last 10-times longer than conventional switches eliminate need for high voltage wiring.

- **Base** raise and lower functions.
- **Auto return switch** brings chair back to lowered position.

Materials, Finishes, Upholstery

- Long lasting hand-sewn upholstery with high-density foam lasts for years.
- Removable cushions for easy cleaning, or replacement.
- Base available in #20 Pearl.
- 6 standard colors and unlimited custom selections.

The Mark of Quality

The Model 6200 has passed rigorous laboratory testing, which assures quality and safety for you and your patients, achieving ETL, C/US certificate of compliance.
